

Statement of solidarity with Palestinian people

Convention Palace, Havana, May 2nd, 2024

More than 1 000 delegates attending the International Meeting of Solidarity with Cuba and against imperialism proclaim our full solidarity with Palestinian cause.

We strongly condemn violence perpetrated by Zionist regime of Israel against Gaza's defenseless inhabitants, with support and complicity of USA government.

We demand a definite end to the genocide act taking place against such a brother people, which has caused death to more than 34 000 Palestinian citizens, most of them children, women and the elderly, the forced displacement of more than 2 million people and the continued destruction of houses, hospitals and civil infrastructure.

We ratify exclusive right of Palestinian people to its self-determination, to have an independent and sovereign state with borders prior to 1967 and with Jerusalem Oriental as its capital city. The same way, it should be guaranteed refugees' returning right.

We call for a wide, fair and long lasting solution to the conflict, respecting United Nations Letter principles' totally and International Law as well as resolutions adopted by United Nations, as a way to assure legitimate right of Palestinian people to live peacefully in its territory.

Down Zionism and imperialism!

Long live international solidarity!

Free Palestine now!
