

**Gobierno de Reconciliación y Unidad Nacional
Unida Nicaragua Triunfa**

Managua, June 12th 2025

The Government and People of our Nicaragua, forever Blessed and Free, emphatically condemn the reckless aggression of the Government of Israel against the People and Government of the Islamic Republic of Iran.

With this cowardly attack which violates all the laws and norms of coexistence and International Treaties, Israel continues, gravely and irresponsibly, to expose the world to a War of incalculable proportions and consequences.

May our voices from this Latin and Caribbean America be heard in repudiation, rejection and categorical revulsion, in the face of an extremely dangerous military escalation which, against all reason, brutally, increasingly threatens the whole human community.

Our unwavering solidarity with the Supreme Leader of the Islamic Revolution of Iran, Ayatollah Ali Khamanei, with President Masoud Pezeshkian, with the Iranian people, as well as with the relatives of their defenders whom the genocidal state of Israel has murdered.

Nicaragua ratifies the urgency of a World of Peace and Security, for the Peoples and Families of the Planet.
